

AROMAFLEX ACADEMY

DEVELOPMENT HOUSE, 1ST FLOOR, 280-282 TRAFALGAR STREET, NELSON, NEW ZEALAND

2010 PROSPECTUS

THE NEW
WORLD CLASS.

EDUCATED IN
NEW ZEALAND. 

www.aromaflex.co.nz

Mission

- To provide high quality natural therapy qualifications with a high level of skill, which will give rise to employment opportunities for students on both a National and International level.
- To develop advanced methodologies in natural health and be one of the leaders in this industry.
- To establish both national and international research into natural medicine.

Vision

- To target young school leavers and adult learners going back into the workforce to provide for them an International qualification that will enable them to travel the world thus increasing the profile of NZ education.
- Encouraging learners to realize their full potential and become contributing members of NZ society in the Complementary Therapy/Care industry.
- To staircase into other “Health & Wellness” based courses, schools and industries both nationally and internationally.

Special Character

Aromaflex Academy is a small Private Training Establishment specializing in Aromatherapy, Reflexology, Massage and Anatomy & Physiology.

We are NZQA accredited and teach approved qualifications. Visit www.nzqa.govt.nz for more information.

We are located at the top of the South Island in Nelson, NZ.

We have adult students who travel from around NZ and overseas to study our specialized courses.

Other local learners are young or mature mothers wishing to start a career.

There is now a growing sector of young school leavers wanting to start a career in the ‘Wellness’ Industry. This industry overall is attracting more and more people as the trend for ‘wellness’ across the world increases.

Some special features and initiatives are:

Diploma in Aromatherapy Training

Aims and objectives

The NZQA Level 6 Diploma in Aromatherapy comprises of 3 elements, theory, practical and case studies. It is a one year full time training programme held in Nelson, NZ.

The main aim of the IFPA accredited NZQA Level 6 Diploma in Aromatherapy is to enable candidates to provide treatments for the purposes of relaxation and stress release with massage and essential oils.

It also aims:

- To provide skills at Level 6 in the NZ National Qualifications Framework for those interested in the Complementary Therapy/Care industry.
- To provide skills at Level 3 in the ITEC National Qualification Framework, UK.
- To provide opportunities for candidates to develop a range of skills and techniques, personal qualities and attitudes essential for successful performance in employment as an Aromatherapist.

The candidate will study the theory of Aromatherapy treatments as well as the Chemistry of the Essential Oils, Contraindications and safety data for each oil, and will also cover the underpinning knowledge and skills required to successfully perform various Aromatherapy massage treatments.

Structure of the qualification

Theory of Aromatherapy

Practical work (including Case Studies)

Anatomy & Physiology & Pathology

The next Diploma in Aromatherapy class begins on the 1st March 2010 and ends on the 15th of November, 2010.

Exams are on the weeks of 15th November to the 3rd of December 2010.

School holidays totalling 6 weeks during the year are taken between stages, falling in line with the NZ national school holidays.

Please refer to the Diploma in Aromatherapy Enrolment brochure for further information and breakdown of fees.

Introduction to Aromatherapy Course

This course is designed for people who wish to find out more about Aromatherapy, application of 15 most commonly used oils for home and personal use, to have a growing knowledge of how to use essential oils effectively and safely, and to learn basic massage techniques, covering full body. The option to study further to a Diploma of Aromatherapy or a Certificate in Aromascience can be considered when this course has been fully completed.

The Introductory course consists of:

- The history of Aromatherapy – Past and Present
- Essential oils – Covering 10 varieties
- Carrier oils – Covering 5 varieties
- Therapeutic Cross reference charts
- The Art of Blending – Making your own personalized blend
- Learn foundation full body Aromatherapy massage movements
- Assignment and Case Study Work

A Certificate is given upon all course criteria being met.

Local Course Approved*

<i>Option</i>	<i>Start Date</i>	<i>End Date</i>	<i>Day of the Week</i>	<i>Time</i>
Full Time	8 th Sep 2010	5 th Nov 2010	Wed, Thurs & Friday	9.00 am–4 pm

How to staircase into the Diploma in Aromatherapy

The Aromascience course structure has been based on the same information as the NZROHA, ITEC & IFPA Diploma in Aromatherapy.

The only difference is that advance massage techniques are not taught, nor is the Anatomy & Physiology in the Aromascience correspondence course. The

Chemistry component is the same as the Diploma in Aromatherapy, and is the Rosemary Caddy Chemistry, (UK). Aromaflex has bought the rights to use this information, and it is the most current up to date, student friendly chemistry that you will ever find.

Requirements for undertaking the Diploma in Aromatherapy

- Study and complete the Aromascience correspondence course.
- Study and complete the Anatomy & Physiology correspondence course.
- Enrol on the Holistic Massage course, and come to Nelson for 2 weeks over a 1 year or 2 year period and complete the workbook and in class hours.

Structure of the qualification

- Certificate in Aromascience
- Certificate in Anatomy & Physiology
- Diploma in Holistic Massage

Delivery of the qualification

The Aromascience and Anatomy & Physiology can be studied full time concurrently over 1 year.

The Diploma in Holistic Massage can be concurrently studied at the same time in the same year, or the following year.

There are workbooks and case studies to complete.

Registration

For further information contact the Academy directly, or visit the website www.aromaflex.co.nz and look under the academy section for training.

Student Loans and cost of living allowance are available for the Certificate in Aromascience and the Certificate in Anatomy & Physiology when these two courses are concurrently studied.

Certificate in Aromascience

Aims and objectives:

The main aim of the NZQA Level 4 Aromascience Certificate is to enable candidates to provide knowledge and application of aromatherapy oils and

products for the purpose of relaxation and stress release by treating the whole person.

It also aims:

- To provide skills at Level 4 in the NZ Qualification Authority for those interested in the Complementary Therapy/Care industry.
- To provide opportunities for staff in the Complementary Therapy/Care industry to gain a Level 4 qualification.
- To qualify candidates as Aromatologists at Level 4 in the Complementary/Care industry
- To sustain the interest of candidates wanting to work in the Complementary Therapy industry
- To encourage knowledge and understanding for the Complementary Therapy/Care industry at Level 4
- To provide opportunities for candidates to focus on the development of the major Key skills and the wider Key skills in a Therapy context such as communicating with clients, working with others and problem solving.
- To provide opportunities for candidates to develop a range of skills and techniques, personal qualities and attitudes essential for successful performance in employment as Aromatologists, (the study of Aromatherapy without massage).

Requirements for undertaking this qualification:

It is recommended that Candidates have a good level of English.

Guided Learning Hours:

It is recommended that you attend at least one Introduction to Aromatherapy workshop during your study of the Aromascience course, (this cost is included in your fees).

If you have already done something similar, please provide evidence of this.

Structure of the qualification:

The Certificate in Aromascience course is a distance learning programme, made up of four stages.

- **Stage 1:** Comprises Introduction to Aromatherapy and Stage 1 Aromatherapy – this covers 30 essential oils and 10 carrier oils, Methods of Production, Extraction & Safety, the Olfaction Process & how oils are absorbed into the body, the History of Aromatherapy, The Art of Blending, Recipes, Application Methods, etc.

- **Stage 2:** 20 Essential Oils and 10 Carrier oils, Chemistry of essential oils and how this relates to their use and properties, The Art of Blending, Recipes, Application Methods, etc.
- **Stage 3:** 20 Essential Oils and 10 Carrier oils. Research component – conducting research for a journal article, The Art of Blending, Recipes, Application Methods, Aromatherapy for pregnancy and woman’s needs, etc.
- **Stage 4:** 20 Essential Oils and 10 Carrier oils, The Art of Blending, Recipes, Application Methods, Aromatherapy cosmetics/lip balms/face creams, etc.
- Workbooks and Case study work to be completed.

Learning time: 756 hours

NZQA Level 4

We believe that this is one of the most comprehensive distance learning Aromatherapy programme currently available in the world.

**** You can start this course at any time, the first date of study is when you pay your fees and enrolment is complete.***

Please refer to the Aromascience Enrolment brochure for further information and breakdown of fees.

ITEC Diploma in Holistic Massage

UK Accreditation: QCA 100/2404/9 Level 3.

NZQA Level still to be determined.

Description

The foundation course for complementary therapy. The course provides students with a thorough understanding of anatomy and physiology of the body so that they have a complete knowledge structure and functions of each area on which they are working. The course includes holistic massage incorporating the classical movements treating the whole body. This can be an option to staircase into the Diploma in Aromatherapy.

Structure of the Qualification:

Unit 1 Anatomy & Physiology (students need to study the A&P course concurrently or have this as a pre requisite).

Unit 2.1 Holistic Massage Theory

Unit 2.2 Holistic Massage Practical

Unit 22 Professional Conduct & Business Awareness

Assessment

- a. The examinations for all units will be conducted by ITEC.
- b. Case Studies: Case studies must be completed under the supervision of a tutor or in the student’s own time and the tutor will assess each case study and allocate a grade throughout the delivery of the unit to ensure that the level of knowledge and competence required by ITEC is achieved. The External ITEC Examiner will verify the results of each of the case studies.

<i>Start Date</i>	<i>End Date</i>	<i>Day(s) of Week</i>	<i>Time</i>
8 th Feb 2010	19 th Feb 2010	Mon – Fri incl.	9am – 5pm
8th Nov 2010	19 th Nov 2010	Mon – Fri incl.	9am – 5pm

ITEC Diploma in Sports Massage

**Rationale for ITEC Level 3 Diploma in Sports Massage
Aims & Objectives**

The ITEC Level 3 Diploma in Sports Massage has a pre-requisite of the ITEC Level 3 Holistic Massage Diploma. It is then comprised of ITEC Unit 27 Sports Massage. There are 3 elements– theory, practical and case studies. The main aim of the ITEC Level 3 Diploma in Sports Massage is to enable candidates to provide treatments for sports injuries and help improve athlete’s performance through pre and post event massage.

The candidate will study the theory of all treatments as well as additional anatomy in particular the origin and insertion of muscles. The underpinning knowledge and skills required to successfully perform a Sports Massage treatment are also required.

Case studies are also required to be completed for this award. The case studies form the internal assessment and should be assessed throughout the training by the tutor using the ITEC Case Study Guidance sheet. The case studies are then verified by an ITEC Examiner at the end of the course during the visit for invigilating the practical examination. The case studies ensure that a variety of clients must be consulted and treated in all the above areas and the outcomes of the treatments must be documented in order to gain experience of working with a variety of clients and conditions whilst candidates are still under supervision. Detailed rationales for the type of Sports Massage treatment and outcomes must be shown, as well as after care.

This award qualifies graduates to operate their own clinic or home visiting practice. Graduates can also gain employment in Health Club, Health Farms, Spas and Liners. Professional indemnity and public liability insurance can be obtained via ITEC Professionals and other Industry Associations who recognise the ITEC Diploma.

<i>Start Date</i>	<i>End Date</i>	<i>Day(s) of Week</i>	<i>Time</i>
11 th Jan 2010	29 th Jan 2010	Mon – Fri incl. (3 week block together)	9am – 5pm
12 th April 2010	16 th April 2010	Mon – Fri incl. (1 week block)	9am – 5pm
5 th July 2010	16 th July 2010	Mon – Fri incl. (2 week block)	9am – 5pm
10th Jan 2011	28 th Jan 2011	Mon – Fri incl. (3 week block together)	9am – 5pm

Certificate in Anatomy and Physiology Correspondence Course

Aims and objectives:

The Anatomy & Physiology award is the ‘foundation’ upon which all other Complementary, Beauty and Sports Therapy awards are based. It is comprised of 12 units encompassing all systems of the body.

It is essential for therapists to have a sound understanding of anatomy and physiology, as they will be working in direct contact with the body structures. It is also vital that they have a comprehensive knowledge of diseases and disorders of the human body so that they are aware of when and when not to treat a client, and only operate within certain parameters.

The units are mandatory and should be taught concurrently to be examined concurrently:

- Unit 1: The Chemistry of Life & Pathology
- Unit 2: The Cells, Tissues and the Skin
- Unit 3: The Skeletal System
- Unit 4: The Muscular System
- Unit 5: The Nervous System
- Unit 6: The Human Senses
- Unit 7: The Endocrine System
- Unit 8: The Circulatory System
- Unit 9: The Lymphatic and Immune System
- Unit 10: The Respiratory System
- Unit 11: The Digestive System
- Unit 12: The Urinary & Reproductive Systems

The examination is as follows:

- A 3 hour written exam theory paper comprising of around 40 questions on all aspects of the syllabus testing across all units and therefore all systems. This exam can be either taken at Aromaflex Academy, or you can sit the exam anywhere in or out of NZ, as long as Aromaflex Academy has evidence and confirmation that the exam is held under the correct conditions, (see the Anatomy & Physiology enrolment brochure for further details).
- The ITEC exam is a 1 hour multiple choice theory paper comprising of 50 questions on all aspects of the syllabus testing across all units and therefore all systems.

The Qualification Aims:

- To provide skills at Level 4 New Zealand National Qualifications Authority Framework for those interested in the Aromatherapy, Beauty, Complementary and Sports Therapy industry.
- The Anatomy & Physiology syllabus is based on Core Health, NZQA unit standards. It can also be cross-credited for 1st year at Massey to enter other health modality based training courses.
- The syllabus is based on the International Federation of Professional Aromatherapists (UK), and is an independent stand alone International qualification. This is the only Anatomy & Physiology course of its kind in Australasia.
- To provide skills at Level 3 in the National Qualification Framework in Great Britain, (ITEC), (UK).
- To encourage knowledge and understanding for the Complementary, Beauty or Sports Therapy industry at Level 4 (NZ), Level 3 (UK).

The qualification is suitable for:

Any adult returnee with a good basic general education, returning to education with a desire to work as an Aromatherapist, Reflexologist, Massage Therapist for which the A&P award is a pre-requisite.

Anyone already working as a nurse or carer who may wish to become a complementary therapist as the A&P is a pre-requisite qualification to many other awards.

You can start your study at any time. The date of payment is considered the first start date.

Learning time: 520 hours.

NZQA Level 4

Please refer to the Anatomy & Physiology Enrolment brochure for further information and breakdown of fees.

Aromatherapy and the Chakras – 1 Day Workshop

What are the Chakras? How can Aromatherapy balance them? This course will give you an understanding into how the Chakra system relates to our subtle and gross anatomy. It will show you how essential oils can strengthen and enhance our Chakra system to bring about balance and wellbeing to our bodies in a unique way.

You will be shown how to dowse the Chakras, choose the correct essential oils and a method of application. Experienced tutors share their knowledge to show effective healing methods used for great results.

Fee: \$60.00. This includes a Certificate of Attendance.

Date	No of Days	Day of the Week	Time
9 th March 2010	1	Tuesday	10am – 2pm
25 th May 2010	1	Tuesday	10am – 2pm

Diploma in Reflexology Course

Aims and objectives

The NZQA Level 5 Diploma in Reflexology comprises of Level 3 ITEC units:

- Anatomy & Physiology , Reflexology, Professional Conduct and Business Awareness

The main aim of the NZQA Level 5, ITEC Level 3 Diploma in Reflexology is to enable candidates to provide treatments for the purpose of relaxation and stress release by treating the Reflex areas in the feet, hands and ears. It also aims:

- To provide skills at NZQA Level 5 and ITEC Level 3 in the National Qualification Framework for those interested in the Complementary Therapy/Care industry.
- To provide opportunities for staff in the Complementary Therapy/Care industry to gain a Level 5 qualification.
- To sustain the interest of candidates wanting to work in the Complementary Therapy industry
- To provide opportunities for candidates to focus on the development of the major Key skills and the wider Key skills in a Therapy context such as communicating with clients, working with others and problem solving
- To provide opportunities for candidates to develop a range of skills and techniques, personal qualities and attitudes essential for successful performance in employment as Reflexologists.

Structure of the qualification

- Anatomy & Physiology
- Reflexology Theory
- Reflexology Practical
- Professional Conduct & Business Awareness

Delivery of the qualification

- Attend 1 weekend introduction workshop (or provide evidence of RPL)
- 3 full time weeks of study in Nelson; ie: 1 week of Advance, 1 week of Cert of Clinical, and 1 week of Diploma in Reflexology.
- Theory, practical and case studies are taught together to ensure the underpinning knowledge is being delivered at the same time as the practical skills. This will help to ensure that candidates understand the structures they are working towards as a result of combining delivery with the practical application of treatments.

Please refer to the Reflexology Enrolment brochure for further information and breakdown of fees. 3 weeks Intensive Training in Nelson Mon – Sun 9am – 6pm

Introduction to Reflexology Course

This is a comprehensive course for anyone wanting to find out about Reflexology, studying the reflexes in the feet, what they mean and how they work. Students are taught how to perform a Reflexology treatment effectively on family and friends. Whether you know nothing at all or a little bit, you are sure to learn a great deal from this course. There is lots of ‘hands on’ practice and you get some pampering yourself! You may choose to stop here or use this course as the first step towards getting your Diploma in Reflexology.

The course consists of:-

- The history of Reflexology
- What is Reflexology
- How does it work and what do you feel
- Foot Massage and relaxation techniques
- Reflex areas on the feet – the identification of major reflexes
- Contra-indications for Reflexology
- Advice following a treatment
- Charts for record keeping
- Assignment and case studies

A Certificate is given upon all course criteria being met.

NZQA Level 4

Hours: 16

27 th Nov 2010	28 Nov 2010	2	Sat & Sun	9.00am-5pm

Advanced Reflexology Course

This course is for people who wish to take Reflexology to the next level. It consists of a deeper study of Reflexology with part of each day consisting of theory and the other part practical techniques. Each foot is like a map of the body and by learning to read this map through Reflexology we are able to promote good health and balance in the body. This ancient healing technique comes from the same family as acupuncture and acupressure and you will be amazed at just how easy it is to do.

The course consists of:-

- Reflexology Body Feet Placement – Looking at the Reflexes on the feet and the body correspondence
- Practical Reflexology Skills – Traditional Techniques based on Eunice Ingham
- Reflex Zone Therapy
- Client Management – Client Charts & Clinical Practice
- What Other Stories the Feet can tell – A deeper look into the feet
- Anatomy and Physiology
- Assignment and Case studies

*A Certificate is given upon all course criteria being met.
NZQA Level 4*

<i>Start Date</i>	<i>End Date</i>	<i>Day(s) of the Week</i>	<i>Time</i>
22 nd Feb 2010	28 th Feb 2010	Mon – Sun Inclusive	9am–6pm

Certificate in Clinical Reflexology Course

This level of training leads to a Certificate in Clinical Reflexology. On this course we learn about the hands and what they reveal. This is an interesting extension from the feet, and provides another way of client/practitioner benefit. Clients are able to self treat after the Reflexology treatment itself.

The course consists of:-

- Reflexology of the Hands
- Chakras on the Feet
- Practical Reflexology Skills – Review Reflexology Foot treatment
- PNF – Pro-prio-ceptive, neuro-muscular facilitation
- Client Management – Client Charts & Clinical Practice
- Ethics, Insurance and Professional Memberships
- Business Management & Marketing – Part 1
- Anatomy and Physiology
- Workbook, Research Topic and Case study work

*A Certificate is given upon all course criteria being met.
NZQA Level 4*

<i>Start Date</i>	<i>End Date</i>	<i>Day(s) of Week</i>	<i>Time</i>
17 th May 2010	23 rd May 2010	Mon – Fri inclusive	9am – 6pm

Diploma in Reflexology Course

This is the final stage of training which qualifies you to sit your International Diploma of Reflexology examinations
 The ears are the new subject in this module. Learn how to apply reflexology to the ears. There are also some further techniques to build upon the foot Reflexology methods. The meridians are also taught and explored.

The course consists of:-

- Refinement of sensitivity through touch and intuitiveness
- Refinement of Reflexes (the Max technique)
- Looking at the Ears/ Auricular Therapy
- Supervised clinical experience
- Comprehensive Knowledge of the Charts
- Meridian lines – Advanced Assessment Techniques
- Business Management and Professional Practice
- Anatomy and Physiology
- Workbook and Case studies

NZQA Level 5

<i>Start Date</i>	<i>End Date</i>	<i>Day(s) of Week</i>	<i>Time</i>
27 th Sep 2010	3 rd Oct 2010	Mon – Sun Inclusive	9am – 6pm

**WITHDRAWALS, REFUNDS AND STUDENT FEE
 INDEMNIFICATION POLICY**

The New Zealand Qualifications Authority (NZQA) recognizes that students studying at private training establishments (PTEs) do not have the financial backing of Government that exists with publicly owned tertiary institutions.

Because of this, NZQA has set two requirements within its Quality Assurance Standard for PTEs (QA Standard One) that relate specifically to the protection of student fees. The requirements are contained in element 1.2.1 of QA Standard One and reads as follows:

1. Operating trust accounts that comply with s236A of the Education Act 1989

This requirement protects the student when they choose to withdraw from the course or PTE within the timeframe set by the Act.

Under s236A of the Act, students enrolling in courses of three or more months are entitled to a refund:

- If they withdraw at any time up to the end of the seventh day after the first day of the course at which their attendance on the course is required;
- Equal to the full amount paid, less 10% of those payments or \$500, whichever is lesser.

Private training establishments (PTEs) must without delay place fees paid for courses of three months or more into an independent trust account. These payments, whether described as fees or otherwise, may only be released to the establishment after the eighth day that students are required to be in attendance on the particular course.

2. Having arrangements to indemnify student fees or evidence of exemption NZQA requires that a PTE has arranged the protection of student fees in the event of insolvency, regulatory closure or withdrawal of accreditation-that is, in circumstances beyond the student control-or has an exemption from the requirement. The arrangement (or exemption) put in place by the provider must be approved by NZQA. Any changes to the arrangement or circumstances under which the exemption was granted must be reported to NZQA.

CODE OF PRACTICE FOR THE PASTORIAL CARE OF INTERNATIONAL STUDENTS

Aromaflex Academy has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International Students published by the Ministry of Education. Copies of the Code are available on request from this institution or from the NZ Ministry of Education, Wellington. You can get copies of the code on www.minedu.govt.nz/goto/international

STUDENT VISAS/IMMIGRATION:

Full details of visa and permit requirements are found on the website, www.immigration.govt.nz

HEALTH & TRAVEL INSURANCE:

Most students are not entitled to publicly funded health services while in NZ unless they are:

- * A resident or citizen of Australia
- * A national of the United Kingdom in NZ: or
- * The holder of a temporary permit that is valid for 2 years or more

INTERNATIONAL STUDENT INSURANCE

It is an audited requirement that all international students hold a comprehensive insurance cover before they set out to study in New Zealand.

It is recommended that Southern Cross Healthcare be used by students attending Aromaflex.

Further details will be sent with the enrolment package.

More information is found in the International Student Guidelines and Information to study in NZ brochure.
