The Nelson region enjoys a mild Mediterranean-type climate with long summers, mild winters and plentiful all-year-round sunshine. Nelson consistently rates as New Zealand sunniest town. January and February are the warmest months of the year and July is generally the coldest. Snow is rare on the lowlands but falls are common in the mountains in July and August. Our average annual rainfall is 986mm.

However, if you wish to study via correspondence, or do a short course, a study visa is not necessary.

Working in New Zealand whilst having a student visa:

Students can work in New Zealand only under certain circumstances. For further information please refer to the “Can a Student Work?” section of the Immigration website <http://www.immigration.govt.nz>. As the Diploma in Aromatherapy is one year full time study, students do not fall into this category and cannot work whilst they are studying at Aromaflex on a student visa.

Orientation Programme and Support Services:

We offer an orientation programme to International students to help them settle into life in New Zealand. This takes place during the first few days of you commencing study at Aromaflex Academy.

English language requirements:

You need to have a good comprehension of English in order to understand clearly the tutor, course material and to write assignments. You will be required to undertake case study work on English speaking clients and to understand a number of technical and medical terms used in this course. If English is not your first language, and you wish to complete the course, it would be helpful if you had either:-

- International English language qualification i.e. TOEIC level 750 English.
- Or IELTS Level 6 or equivalent

IELTS tests can be taken at British Council offices around the world. For further information visit the IELTS website at www.ielts.org/format.htm.

Your acceptance is conditional upon you having proficiency in written and spoken English to a level where you are able to complete the course. If you begin the course and we find your English does not meet the required level, you will be required to have an English assessment and tuition in English at an English school until you have reached a high enough level to continue with your studies. The language assessment and tuition will be at your own expense.

THE APPLICATION PROCESS

You return the application form on the back of the enrolment brochure with all your details.

Aromaflex Academy then sends you out an enrolment form and written interview forms.

You fill in all the forms, get photocopied identification, Birth Certificate, or Passport, or Certificate of Citizenship, and send back to the Academy

A follow up phone call or email is made when all forms are received by the Principal or School Administrator.

An interview is arranged either in person, over the phone or the net.

You attend the interview and you may bring a support person with you.

The Principal or head Tutor conducts the interview and answers any questions about the course.

You must bring with you to the interview the following original documentation:

1. Birth Certificate, or Passport, or Certificate of Citizenship
2. Certificates for any previous qualifications held

Aromaflex Academy will write or inform you if you are accepted on the course. Then you will:

1. Sign the acceptance form and arrange payment of fees by cheque, cash, eftpos, visa, or bank transfer

AROMAFLEX

When all documentation have been processed, and fees been paid, you will receive an invoice and the start of your course materials. A letter for the Immigration Department regarding a student visa together with a completed 'offer of place for an International Student' form.

Note: Aromaflex Academy places the tuition fee into a Public Trust account until the 8th day of tuition.

Student Fee Protection:

Aromaflex Academy participates with the Public Trust to ensure protection of student fees. All students' fees are all held separately within the Public Trust, based in Wellington. Student loans are also paid directly into the Public Trust Account.

Reading Resources for your Study:

There is a recommended reading book list. We recommend that you try accessing some of these books in your own country and reading them before you come to New Zealand, or obtaining these books in your own language to use alongside your studies here.

Our students in the past have found that purchasing text books in their own language before they came to New Zealand has helped with their learning.

Withdrawal from the Course:

If you are contemplating withdrawing from your course you are required to discuss this with the Principal. If you decide to withdraw we require this in writing and you will be required to complete a withdrawal form. All school property must be returned upon withdrawal, and this includes course materials if you withdraw within the first 8 days.

- a) Students are entitled to withdraw from a course at any time within seven days after the first start date of the course and;
- b) Aromaflex Academy pays fees into a Public Trust account approved by the New Zealand Qualifications Authority for the purpose out of that payment or those payments, to be held in trust to be available for refund to

the student an amount equal to so much of that payment or the sum of those payments as exceeds the lower of the following amounts:

If you do wish to withdraw from the course within 8 days the principal will notify the Immigration Department with details of the circumstances.

CODE OF PRACTICE FOR THE PASTORAL CARE OF INTERNATIONAL STUDENTS

Aromaflex Academy has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International Students published by the Ministry of Education. Copies of the Code are available on request from this institution or from the NZ Ministry of Education, Wellington.

<http://www.minedu.govt.nz/goto/international>.

AROMAFLEX

The Code is a document that provides a framework for service delivery by educational providers and their agents to international students. The code sets out the minimum standards of advice and care that are expected of educational providers with respect to international students. The code applies to pastoral care and provision of information only, and not to academic standards.

The Code sets standards for education providers to ensure that:

- High professional standards are maintained
- The recruitment of international students is undertaken in an ethical and responsible manner
- Information supplied to international students is comprehensive, accurate, and up to date.
- Students are provided with information prior to entering into any commitments
- Contractual dealings with international students are conducted in an ethical and responsible manner.
- The particular needs of international students are recognized
- International students are in safe accommodation
- All providers have fair and equitable internal procedures for resolution of international student grievances.
-

Copies of the code are available upon request from this institution or from the Ministry of Education website at <http://www.minedu.govt.nz/goto/international>.

What is the Code?

The Code is a document which provides a framework for service delivery by educational providers and their agents to international students. The Code sets out the minimum standards of advice and care that are expected of educational providers with respect to international students. The Code applies to pastoral care and provision of information only, and not to academic standards.

AROMAFLEX

Who does the Code apply to?

The Code applies to all education providers in New Zealand with students enrolled on international study permits. The Code is mandatory to these providers and must be signed by them.

How can I get a copy of the Code?

You can request a copy of the Code from your New Zealand educational provider. The Code is also available online from www.minedu.govt.nz/goto/international.

How do I know if an educational provider has signed the Code?

The New Zealand Ministry of Education maintains a register of all signatories to the Code. This list is available from www.minedu.govt.nz/goto/international. If the educational provider that you are seeking to enrol with is not a signatory to the Code, you will not be granted a permit from the New Zealand Immigration Service and you will not be able to study at that institution.

What do I do if something goes wrong?

If you have concerns about your treatment by your educational provider or by an agent of the provider, the first thing you must do is contact the principal about complaints at your institution. The Code requires all institutions to have fair and equitable internal grievance procedures for students and you need to go through these internal processes before you can take the complaint any further.

If your concerns are not resolved by the internal grievance procedures, you can contact the International Education Appeal Authority (IEAA).

What is the International Education Appeal Authority (IEAA)?

The IEAA is an independent body established to deal with complaints from international students about pastoral care aspects of advice and services received from their educational provider or the provider's agents. The IEAA enforces the standards in the Code of Practice.

How can I contact the IEAA?

You can write to the IEAA at:
